

Jesse Billings, lineal descendant of the well-known Roger Billings, of colonial times, is second son of Dr. Jesse & Mary (Thompson) Billings & was born May 7, 1828, in the town of Northumberland, Saratoga Co. The ancestors of the family were of Netherland Dutch extraction, and its earliest members, about which there is any definite information, were natives of Massachusetts. From this state came Jesse Billings, great-grandfather of the subject of this sketch, about 1750, and located in the town of Moreau. Among his children were Jesse (grandfather), farmer & lumberman, who died about 1840. He married Phebe Smith & reared ten children.

Fairfield Family

Billings

William Fairfield Jr (1770-1816) second son of William
Fairfield. Sr., U.E., married ^{Elizabeth} a daughter of Dr. Billings.
Children She ~~was~~ ^{at Bath} buried 14 Oct 1803

1. ~~Charles E.~~ ^{born 1800}; married Miss Huff and raised a large family
2. Benjamin baptizid at Bath 8 May 1796 ^{Ellice} Susan Clark? wife
3. Elkanah Billings, baptizid at Bath 2 Dec 1798
4. Joanna, baptizid at Bath 8 Feb 1801; married 20 Jan 1816, Lester H. Forward - Parents of Marshall S. Forward, Abel of 1837? She d. before 1844
5. Charles bapt. 21 Aug., 1803 married Miss Huff + raised a large family.

William Fairfield Jr. was a member of the second Upper Canada Legislature for Addington and Ontario Counties. He was elected in 1799 following Christopher Robinson, and sat during the following two sessions till 1801. He was a magistrate many years.

Executors of his will were brothers Benjamin + Stephen, son Benjamin Fairfield + son-in-law Lester H Forward, Samuels Bidwell.

Legates were Elizabeth Fairfield, son Benjamin, Joanna Forward, Elkanah Billings Fairfield

He was returned to the legislature at the bye-election in 1798 as representative for Addington + Ontario Counties, & sat during the two remaining sessions.

1893

Nathaniel A. Sylvester.

Reuben M. Billings, jr., who is now engaged in grocery business in Corinth, is a son of Reuben M. and Patience (Young) Billings, and was born at Salisbury, Herkimer county, Dec. 18, 1860. His paternal great-grandfather was an Englishman, who came to this country when a young man, settled in Vermont, and afterwards served as a soldier in the Revolutionary war under Gen. Benedict Arnold. He was present at the surrender of General Burgoyne after the battle of Saratoga. One of his sons was Elkanah Billings (grandfather), who was born and reared in Vermont, but in middle life removed to Ontario, Canada, where he died in 1861, at the age of eighty-two years. He married Elizabeth Mott, a daughter of Reuben Mott, of Brockville, and reared a family of seven children. His son, Reuben M. Billings, sr., (father), was born at Brockville, Ontario, Canada, in 1825, and grew to manhood in that country. In 1858 he came to the United States and located in this state, where he soon after married, and in 1866 removed to Saratoga county, settling in the town of Corinth. He was a farmer by occupation, and with the exception of two or three years, resided in this town from 1866 to the time of his death, Feb. 16, 1903, when in the sixty-eighth year of his age. Politically he was a republican, and in 1860 married Patience, daughter of Alanson Young, of the town of Corinth, and to their union was born

Dr. H. C. Burleigh,
Bath, Ont.
Can.

My dear Dr. Burleigh:
your kind letter of the 5th inst. is
hand. Thank you for same.

I note what you say relative to a
publication^{in 1861} of Leeds^{Co.} in the 1800 period,
which likely mention the people whom I
seek: Bingham, Lake, Wille and
there are allied with these the John
Harrington family who went there about
1800 from New York and had daughter
Abigail & others born in Canada, and also
Haws, (Peter,) whose parents Edward & Polly
Haws came or went from Montreal, Can.
to Leeds; There also was the Sanders
family. The father was Ebenezer & had
son Ebenezer who married Betsy Harrington
sister to Abigail above. Peter Haws m. Charlotte
another sister to Abigail who m. Jeremiah Bingham

The United Empire Loyalists' Association of Canada

Incorporated by Special Act of Parliament of the Dominion of Canada

Chapter 146. 4-5, Geo. V. 1914, 27th day of May, 1914.

Sir Guy Carleton Branch

Charter granted 14th day of April 1962

OTTAWA, ONTARIO

154 Waller Street,
Ottawa 2, Canada.
May 14th, 1968.

N.B. Those Loyalists who have adhered to the Union of the Empire and joined the Royal Standard before the Treaty of Separation in the year 1783 and all their children and their descendants by either sex, are to be distinguished by the following Copied to their names
U. E.
*Alluding to their great principle
The Unity of the Empire.*

My dear Murray:-

It is a joy to write a brief letter to you in order to convey an expression of appreciation for the excellent manner in which your documentary papers have been prepared for membership in a branch of The United Empire Loyalists' Association of Canada. I believe you would prefer to become a member of the Colonel Edward Jessup Branch in Prescott, Ontario, rather than the Sir Guy Carleton Branch in Ottawa and, consequently, I shall pass your application form to Mr. Walter G. Webb. I intend to see him on Thursday evening of this week when he is expected to be the guest speaker at a regular meeting of the latter branch in the University Club of Ottawa.

The present "Form of Application for Election of Members" is more complete and genealogically correct than the previous format, and research students will highly value these records when they are eventually placed in the Public Archives of Canada. Your lineal descent through the families of Buell, Mott and McCready has been traced thoroughly, and I admire the precise detail of each entry. I wish it might be possible for each applicant to trace his or her genealogy as accurately as the Billings family has succeeded in recording the lines throughout the past several generations. Your photostat copies are priceless, and I have taken a particular notice of one of the Elizabeth Billings petitions. This historical document is dated May 10th, 1805, and the presiding justice of the peace was none other than James Breakenridge. He was the brother of my great-great-great-grandfather, Colonel David Breakenridge (died April 8, 1833, in his seventieth year). I am also deeply interested to learn that James Kilborn was born in Litchfield which I understand is located in the State of Connecticut. The Throop family came to Canada from Lebanon and Litchfield, Conn., and they were the paternal ancestors of my mother. I visited in that area many years ago when I happened to be spending a vacation in Hartford.

It was most pleasant to see you and Paule at the delightful gathering in the home of Dr. Sterling LeR. Spicer, U.E., on Saturday afternoon last. The inauguration of the Colonel Edward Jessup Branch was an auspicious occasion and my wife, mother and I were privileged to be present.

Harriett and I are looking forward to the forthcoming week-end in our country home at South Augusta. We would be happy if you and Paule could drive to the homestead there for a visit on Monday afternoon, May 20th. In the meantime, we send highest regard and best wishes to you and your household.

Sincerely,

Howard.

(Howard W. Warner, U.E.)

Immediate Past President & Genealogist,
Sir Guy Carleton Branch.

E. Murray Billings, Esq.,
2 Wellington Street,
Brockville, Ontario.

These, as "after Thoughts" are some questions in my mind, you might here comment on!

1. When, or only where, this lineage is ^{ever} authenticated, who would I approach to edit it, with a view to printing, either for personal use, or otherwise? Any what would be the cost? Is it economically sound to undertake? There about 480 pages of 3 proving now. From Sir Thomas Billing in the 15th century, who was a eighth generation antecedent of Roger the unregard in 1635, (whose sister Elizabeth married Major Thomas Savage, an early command of the Ancient & Honourable Artillery Company of Boston) then, thro' Sir Thomas' wife Katherine Tifford the line goes back to 510 A.D., thro' the Tifford Book, which is the Rev. Dr. Weiss' "Ancestral Roots of 60 Colonists" counterpart. Both these early works check out O.K.

There are 19 generations, father to son, now documented since Sir Thomas, and with Dr. Billings' actual death date, this completes the male line "authenticity". Also, there the wills of 5 of the 9 males of each generation since Roger, except Dr. Billings! With the pages for lineage, (about 48 generations) there might run close to 800 or 900 pages of material. Now I'm working on the wives concerned, and this is only done for about (5) five generations back, and some of them only for 3 or 4. There enough on some of the earlier wives, i.e. Wales, Horthorn, Bates, Rogers, McCready & Mott to fill a small pamphlet in each case! It has no end!!

16 May 1968,
50-56 George
Prochillo

Dr. H.C. Burling
PO Box 9
Rack Out

Dear Dr. Burling,

I am delighted with the Dr. Elkannah death notice, in particular for I had never known his date of death. In fact, the great marker in the Howard Cemetery, bearing the crest of Pitkin, says "1828." So you have done a special service in the interests of a correct record. This is an excellent example of just what I remarked Saturday, to you, I am loathe to have anything documented without an authority. And I had have to establish his exact date of death. Which brings up another point. In the "History" ⁽¹⁸⁷⁶⁾ of Essex County, Vermont, Elkannah Pitkin is mentioned as the first physician. Also The first town meeting was "at the house of Dr. Elkannah Pitkin. Mar. 22, 1786." But his bar service in the Continental Army lists him as only "Elkannah".

1890

1890

1890

1890

His land petition from Hinesburg, Vt., in June, 1792
to Duxbury Township L.C., is signed "Elkanah"
(no "Doctor"). His petition in Genesee County
Nov 1793 for land in Vt. as a settler (not a V.E.C.!)
is signed "Elkanah". And I have an original.

Receipt "Elizabethtown, 1797" signed only "Elkanah."
What did constitute medical qualification in those days?
or recognition

His sister, Elizabeth was a teacher in Boston, and
her son, George Dickson, published a book in two
volumes, "History of Spanish Literature," and his "Life
Letters & Journals," of 1876, is most interesting. I have these.

Also, an uncle of Elkanah, Jr.'s was a graduate
of Harvard in 1698. How can one authenticate his
(Elkanah's) claim to "Doctor", with assurance?

Similarly, I am not pleased to have this
fraud. I had no knowledge he was trained to be
a Doctor. Or, where, & is there a record, anywhere,
would he have started to study? Enclosed is his
lineage, I have developed. Does the name

"Bro. Benjamin B. Perdee" mean anything to you?

A correspondent of mine has her mother's
apron (which she has promised to me, if I could make
or find my way in, after so many years!!) it has
engraved on it "drawn & engraved by Bro. Benjamin

My dear Mr. [Name]
I have just received your letter of the 10th inst. and am
glad to hear that you are well. I am also well and
hope this finds you the same. I have been thinking
much of late about the future of our country and
the state of our Union. It seems to me that we are
passing through a critical period in our history and
that the result will determine whether we are to
remain a united people or become a collection of
warring states. I believe that the only way to preserve
our Union is by maintaining the principles of liberty
and justice for all. I am sure that you will agree
with me in this. I am, dear sir, very respectfully,
Your obedient servant,
[Signature]

A. Poole for Brother Moody Peabody," Ithaca N. Y.
It evidently was headed down to Pa.

One other question. Is it "Davy" or "DAVEY"?

I am so interested in the extract from
Freemasonry. I had no personal information
before on Pa. This is what makes genealogy so
much more interesting, than just the dull recital
of dates and names. What a shame more
of our antecedents had not kept diaries of their
lives! I have a letter from that sister, Elizabeth
Pickens of Boston, to Dr. Billings in 1817 in Providence.
Incidentally, she addresses him as "Doctor Billings".
And he was gone from Sharon, where he was born
in 1747, for some time before the Revolutionary War.
So there must have been some training or academic
preparation, known to Elizabeth, in Rehoboth's young
manhood, somewhere, sometime, near Boston, or in Boston.

I will also copy some items on Fairfield which you
well may have already, but better duplication than to
omit entirely.

I have no publication plans - rather just wanting
to have ^{compiled} an authentic lineage, duplicated to the originals,
if lost, would not be so vital.

Many thanks,

Murray Billings

My dear Mr. [Name],

I have just received your letter of the 10th inst. and am glad to hear from you. I am well and hope this finds you the same. I have been thinking much lately of the old days and the friends we have left behind. It seems so long since we were all together and I wonder how you are getting on. I hope you are happy and successful in all your undertakings. I have been very busy lately but I have managed to find some time to write to you. I have been thinking of you very much and wondering how you are getting on. I hope you are happy and successful in all your undertakings. I have been very busy lately but I have managed to find some time to write to you.

I am, dear Mr. [Name], very truly yours,

* IN THE ARCHIVES (ONTARIO)

TORONTO, THERE WAS A BLANK
ON THIS U.E.L. ROLL BEFORE "BILLINGS"
THEY HAVE ACCEPTED MY INFORMATION NOW.

201

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

$$\frac{dx}{dt} = f(x, y, z), \quad \frac{dy}{dt} = g(x, y, z), \quad \frac{dz}{dt} = h(x, y, z),$$

where f, g, h are continuous functions of x, y, z in a certain domain.

2. In the second part we consider the case when the functions f, g, h are linear in x, y, z . In this case the system of equations can be written in the form

$$\frac{dx}{dt} = Ax + By + Cz, \quad \frac{dy}{dt} = Dx + Ey + Fz, \quad \frac{dz}{dt} = Gx + Hy + Iz,$$

where $A, B, C, D, E, F, G, H, I$ are constants. In this case the system of equations can be solved by the method of variation of parameters.

3. In the third part we consider the case when the functions f, g, h are quadratic in x, y, z . In this case the system of equations can be written in the form

$$\frac{dx}{dt} = Ax^2 + Bxy + Cy^2 + Dx + Ey + Fz, \quad \frac{dy}{dt} = Gx^2 + Hxy + Iy^2 + Jx + Ky + Lz, \quad \frac{dz}{dt} = Mx^2 + Nxy + Oy^2 + Px + Qy + Rz,$$

where $A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R$ are constants. In this case the system of equations can be solved by the method of variation of parameters.

4. In the fourth part we consider the case when the functions f, g, h are cubic in x, y, z . In this case the system of equations can be written in the form

$$\frac{dx}{dt} = Ax^3 + Bx^2y + Cxy^2 + Dy^3 + Dx + Ey + Fz, \quad \frac{dy}{dt} = Gx^3 + Hx^2y + Ixy^2 + Jy^3 + Jx + Ky + Lz, \quad \frac{dz}{dt} = Mx^3 + Nx^2y + Oxy^2 + Py^3 + Px + Qy + Rz,$$

where $A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R$ are constants. In this case the system of equations can be solved by the method of variation of parameters.

Box 549

Saturday
13th July

Dear Mr. Burleigh

Since writing you yesterday, I have examined Charles Billings' 1888 manuscript and, once again, proved to myself I cannot rely on memory!

The attached is an exact copy of his record, changing to some extent the children of Joshua Storrell and leaving in doubt their family name, (whether Wilkie or Brown.) The Town Clerk of Duxbury, Mass. has death certificates V. Belkanah and his wife Cynthia also XI Lorenzo and XII Henrietta Robinson. There may be some clue when I receive them. I should like so much to be able to complete this Storrell family.

In chatting with the Misses Corsett here (whose great-grandmother was ⁽¹⁶⁾ Lanira ⁽¹⁷⁾ dau of Belkanah) they say their grandmother said she was a cousin of "Ben Brown's wife", which would verify my theory. — "Abel Storrell" appears on a (Hinesburg) Vermont land petition of June, 1792

(2)

Elkanah, Bradish, and Elkanah Jr appear on
The same, praying for land in Dutton Township
L. C. Stowell is not on Reid's Out. Archives
V&L list prior to 1800, and I can't find the name
in the 1928, '29, '30, or '31 Reports of Land Grants.

Abram Dow and family came to Herkimer
in 1805, and Samuel and Martha were in Honctston
Township in 1816. (Lanira, of course, married
Bradish Billings).

There are extensive genealogies of Stowell and the
Dow families in the New Engl. Hist. & Gen. Library
101 Newbury St. in Boston, with any further U.S.
origin information, I may be able to get them
"hooked up". Also the name "STRATHAN" is so
well placed in early Canadians, I'm wondering if
I could locate Elkanah's daughter Lanira there?

We met at Col. Spicer's Thursday night.
Five members in all "O.K.'ed"; I hope we get some
solid support. I'm trying to locate Jonathan
Buell's wife Hannah's family name. I have their 13
children now, something the Out. Archives didn't
have. Do you have any Buell material re
Jonathan?
Regards —
Murray Billings

M. JONATHAN MARBLE DOW DEC 23, 1824.

b NOO. 30 1825

THEY HAD 1 SON MARBLE, WHO DIED IN
INFANCY, BUR BILLING'S FAMILY CEMETERY
BILLING'S BRIDGE, WITH HIS MOTHER.
JONATHAN D 1832, OF CHOLERA.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

$$\begin{aligned}
 & \Delta u = f(x, y, z, u, v, w) \\
 & \Delta v = g(x, y, z, u, v, w) \\
 & \Delta w = h(x, y, z, u, v, w)
 \end{aligned}$$

in the domain Ω of the three-dimensional space, where Ω is a bounded domain with a smooth boundary $\partial\Omega$. The functions f, g, h are assumed to be continuous and satisfy certain conditions.

2. In the second part, the author considers the case when the functions f, g, h are linear in u, v, w . In this case, the system of equations can be written in the form

$$\begin{aligned}
 & \Delta u + a_1 u + a_2 v + a_3 w = f(x, y, z) \\
 & \Delta v + b_1 u + b_2 v + b_3 w = g(x, y, z) \\
 & \Delta w + c_1 u + c_2 v + c_3 w = h(x, y, z)
 \end{aligned}$$

where a_i, b_i, c_i are constants. The author shows that under certain conditions, the system has a unique solution.

3. In the third part, the author considers the case when the functions f, g, h are nonlinear. In this case, the system of equations can be written in the form

$$\begin{aligned}
 & \Delta u + a_1 u + a_2 v + a_3 w = f(x, y, z, u, v, w) \\
 & \Delta v + b_1 u + b_2 v + b_3 w = g(x, y, z, u, v, w) \\
 & \Delta w + c_1 u + c_2 v + c_3 w = h(x, y, z, u, v, w)
 \end{aligned}$$

where a_i, b_i, c_i are constants. The author shows that under certain conditions, the system has a unique solution.

4. In the fourth part, the author considers the case when the functions f, g, h are periodic. In this case, the system of equations can be written in the form

$$\begin{aligned}
 & \Delta u + a_1 u + a_2 v + a_3 w = f(x, y, z, u, v, w) \\
 & \Delta v + b_1 u + b_2 v + b_3 w = g(x, y, z, u, v, w) \\
 & \Delta w + c_1 u + c_2 v + c_3 w = h(x, y, z, u, v, w)
 \end{aligned}$$

where a_i, b_i, c_i are constants. The author shows that under certain conditions, the system has a unique solution.

5. In the fifth part, the author considers the case when the functions f, g, h are analytic. In this case, the system of equations can be written in the form

$$\begin{aligned}
 & \Delta u + a_1 u + a_2 v + a_3 w = f(x, y, z, u, v, w) \\
 & \Delta v + b_1 u + b_2 v + b_3 w = g(x, y, z, u, v, w) \\
 & \Delta w + c_1 u + c_2 v + c_3 w = h(x, y, z, u, v, w)
 \end{aligned}$$

where a_i, b_i, c_i are constants. The author shows that under certain conditions, the system has a unique solution.

Notes

While it is in my mind, and recalling that if I don't mention it to some one, sometime, there might be a "lead" overlooked, these are some unanswered questions. Would you have any clues or suggestions?

I Reuben Mott Jr. of Elizabethtown (O/C 11 Dec 1810) a cousin of Rachel Mott, Sr's dau Elizabeth, wife of Ebenezer⁽⁶⁾ Billings, m. Oliver Graham's dau Hannah.

An Arctus P. Billings (totally unknown to me) m. a Lydia Graham (O/C 23 Aug 1831). I have nothing on this Billings nor does his name show up anywhere else, so far?

II Reuben Mott's O.E.C. (King's Loyal Legion) daughter Elizabeth m. Ebenezer⁽⁶⁾ Billings. There is no clue where he came from in N.Y. Also, an Esther Thompson, dau of Jacob Thompson O.E.C. m. a Reuben Mott.

Is there any way to locate the marriage record? Who is a Mott authority? or Thompson?

I have examined The Haldimand papers (?) in the National Archives but there is no record of the place of residence of these O.E.C.'s, that I am aware of. Except I do recall the Buells were listed as Charlotte County, Conn. "coopers"!

IV When I was at the N.E. Gen. Library in Boston last month, I told them this Ruess bit of "Charlotte County" and they brought me, at once, the vital records of Marlborough, Conn., and there were all the Ruess birth records! NOT Hebron, Conn., as I have read, so often! If I could only find thro' the military service record of Jacob Thompson, and Reuben Holt, their original place of residence, this lineage could be, possibly, tied in with whatever American data I have, already.

III Joanna Rogers Billings, Dr. Billings⁽⁵⁾ wife was dau of Jonathan Rogers and Joanna LULL m at Westborough, Mass Oct. 25, 1744. Her father kept the Rogers Inn at Ware, Mass. Dr. Billings appears in the History of Ware, by Chase, as early as 1772, (was paid "for doctoring" certain people). Anyway, is there any LULL material anywhere? I should like to develop her lineage beyond the mother.

IV One HORACE BILLINGS, unknown to me, formed a partnership 1 April 1833 in Brooklyn with John T. Leavitt and Robert Horsey. No one here has any recollection of this Horace. He married SARAH, dau of Wm SHAW. HALLETT'S COVE, L. I., MAY 25, 1837 in N. Y. CITY.

Box 549
Brookville
12 July 1868

Dear Dr. Parkes

With a pending post office strike next week, I thought it well to clear my desk of any outstanding mail, or I should have to be delivering these enclosures to you "by hand". I think I have some clues on these

Benj. Brown - Joanna itmes, but I am still not on sure enough ground to swear to the facts. I do know Joanna Stowell was a daughter of Joanna Billings and Abel Stowell, of Elizabethton. Joanna Billings was the doctor's eldest daughter, born in Wore, Mass. I have the sworn copy of her birth certificate from Wore records. ^(DEC 5, 1774) Her dau., Joanna Stowell married (1st) Wm Wickie and, after his early death, married (2nd) Benjamin Brown. There is one BENJAMIN BROWN of MAR 9, 1803, SON OF ABRAHAM BROWN, of JAN 2, 1811, ON REID'S U.E.L list in the Ontario Archives. I've written for

Zeroes of these land petitions, to see if they include any more leads. This agrees with your notes under "Issue", page B. except where does the "(3) ANNA BILLINGS" come in?

There no record of what became of Abel and Joanna Stowell, except that one son, Elkanah was living in Oswego, N.Y. in 1887, and he had married a Cythia Dow, (^{who was} I presume) a sister of Lemira Dow and Jonathan and Marble Dow.

Elkanah Stowell was a boy of 12, helping his uncle Brad Billings in 1812 send logs down the Rideau from Merrickville. Now I've written to Cambridge Washington County, N.Y. where the Dows were living until 1805 when they settled at Merrickville.

Among my notes, I find that children of Joanna Stowell's first marriage to William Wilkie were William, Mary Ann, Elkanah, and Margaret whom M. Wylie Hamilton Reed and Ned Abra, who m. a Coleman. No dates.

Then the widow (Joanna Stowell Wilkie) married a Benjamin Brown and had Elizabeth, Mary Stowell who m. Allen McCready
 who children were Sophia Stowell McCready

If you have any references on any of these, "Elkanah" I would be most grateful for some help!

It is interesting that the Lyn Coleman's, into whose family Margaret Stowell Reed's daughter Abbra married, also came from Cambridge County, N.Y.

In the Lyn cemetery there is a marker
 "Benj. C. (Coleman?) Brown", born near Lyn, Jan 28, 1823
 died there June 1, 1904:

On your page B under "Coleman" you mention Mrs Clark Lady's grandmother visiting Yordine's in Ontario. This must be the same Lyn family, for the name Joanna Yordiner, widow of Norton Yordiner (whose brothers were Maurice, George and Wilkie Brown) appears on a Lyn cemetery gravestone. This Joanna Brown Yordiner died at Radcliff, N.Y. in 1933.

I had a most interesting visit to Boston last month and found the most interesting event was the New Engl Hist & Gen. Soc. Library. The third person I met there was a Librarian, Mrs Billings, whose father-in-law had been on Charles Billings' historical committee in 1903! Small world!

You may find these other enclosures of interest. I have no copies, so if you would return them at your convenience -

Sincerely

Murray Billings
